Press release from the Belgian Debt Agency

On November 25, 2008, the Treasury published its 2009 borrowing requirements and funding plan. The Treasury announced at that time that details about the funding strategy would be provided in the course of December.

These details are now available in the attached document "2009 Borrowing requirements and funding plan". Total borrowing requirements have been modified to take into account the effect of the measures intended to stimulate the economy. Accordingly, OLO issuance is now planned to amount to EUR 30.50 billion.
